Dear Sir:

COMMUNICATION

The Examiner's dismissal of Applicant's appeal is premature and the alleged abandonment of the application is in error. Applicant's Notice of Appeal was filed on October 23, 2001. The Office date of receipt of the notice is January 2, 2001 (See attached copy of postcard showing the PTO receipt stamp dated January 2, 2002). 37 CFR 1.192(a) provides that appellant has 2 months from the date of the notice of appeal to file an appeal brief. That two-month period, however, is measured from the date the Office receives the notice of appeal. See M.P.E.P. Section 1206 ("The Office date of receipt of the notice of appeal (and not the date indicated on any Certificate of Mailing under 37 CFR 1.8) is the date from which this two month period is measured.") As the Office received the notice of appeal on January 2, 2002, the two-month response period extended to March 2, 2002. That date may be further extended by five months with a

petition and a fee. See M.P.E.P. Section 1206 and 37 CFR 1.136(a) and (b).

Consequently, the dismissal of Applicant's appeal is premature as the Applicant has until August 2, 2002 to file responsive documents with a petition and fee, and the alleged abandonment of the application is in error.

Respectfully submitted,

Doreen Yatko Trujillo
